Single door Ice•DevIce™

ice storage, dispensing and transport systems

Features

Designed with speed, safety and sanitation in mind
- elevated ice storage bin uses gravity to dispense ice through a chute seven times faster than scooping
- dispensing directly into cart eliminates scooping by hand to help prevent cross-contamination
- industry exclusive SmartGATE™ ice shield controls the flow of ice to reduce spill and limit contact with ice
- locks in three positions and returns easily to full down position

Fresher ice
- first ice in is first ice out

Ice compatibility
- compatible with most non-flake ice types, including customer preferred Chewblet™ ice

Durable, user-friendly construction
- full stainless bin exterior and base
- corrosion-resistant poly bin liner and ABS top
- heavy duty “stay-open” PowerHinge™ door hinge – easy one hand open and close without door catches

SmartCART™ 75 ice cart fits through narrow aisles
- oversized back wheels for easy maneuverability
- holds 75 lb (34 kg) ice in three Totes™ ice carriers

Easy installation
- comes with ice access door assembly attached to body of bin
- only 31.00" (78.7 cm) wide to fit through standard door openings by removing front door assembly (4 screws, no sealant)
- drain elbow with 1.00" (2.54 cm) barb fitting provided

Includes:
- custom-cut non-corroding ABS top for most popular ice machines
- Flexi-Top™ ice bin top system for 48.00" (121.9 cm) and 60.00" (152.4 cm) wide models
- optional Flexi-Tops make stocking bins simple – allows many ice machines to fit one top
- one SmartCART 75 ice transport cart with three removable Totes ice carriers (refer to chart on reverse for other configurations)
- 82 oz plastic ice scoop
- paddle and rake tool set with hanging bracket

Accessories

Additional carts and accessories (refer to form # 3435)

</table>

**Notes:**

1. Computed on cubic volume of bin. Does not reflect cart capacity or voids that can occur due to pyramiding.
2. Add 0.00 (0.32 cm) to depth (D) for lower door assembly (easily removed for installation access).
3. Special top required for ice machines weighing more than 1000 lb (454 kg). Add 0.5' (1.27 cm) to height. Contact factory.
4. 10.00” (25.4 cm) legs available which replace base unit, height from floor to bottom of chute equals 15.00” (38.4 cm).
5. Includes one Totes ice carrier instead of cart and uses 4.00” (10.16 cm) chute. Add -LP to model number for ordering.
6. Required clearance for installation access through doors (may require removal of door assembly).
7. DEV500SG-30, DEV860SG-48 and DEV1080SG-60 do not have upper inspection window.

**Warranty:**

Follett Corporation warrants to the original purchaser that the cabinet exterior, including the top and trim, and the interior liner will be free of corrosion for the useful life of the product. Parts and labor for corrosion repair are covered under this warranty. All other integral components are covered against defects in material and workmanship under normal use and service for a period of 5 years from the date of installation. Date of installation shall not exceed 90 days from date of shipment. Parts and labor for repair within this 5 year period are covered under this warranty. Removal of ice machine to service bin and any labor costs incurred are expressly excluded from this warranty.

### Dimensional drawing

- **Flex-Top:** Ice•DevIce, PowerHinge, SmartGATE and Totes are trademarks of Follett Corporation. Chewblet, Follett and SmartGATE are registered trademarks of Follett Corporation, registered in the US. Follett reserves the right to change specifications at any time without obligation. Certifications may vary depending on country of origin.

- **NOTES:** For indoor use only

- **Shipping weight see model table below**

- **Clearance required to pull cart from below bin — minimum 36.00” (91.4 cm), optimal 40.00” (101.6 cm).**

- **Include one Totes ice carrier instead of cart and uses 4.00” (10.16 cm) chute. Add -LP to model number for ordering.**

- **Required clearance for installation access through doors (may require removal of door assembly).**

- **DEV500SG-30, DEV860SG-48 and DEV1080SG-60 do not have upper inspection window.**
