

Get out all the good.

Stainless Steel Slim Fountain Jar Pumps

More topping options in the same space; six slim jars fit in the space of four standard jars

Models for countertop, drop-in or slanted fountainette applications, for slim 1 1/2 qt or 2 qt fountain jars

Manage food costs and flavor with precise portion-control

Drop-in models feature a higher discharge point for additional serving clearance

NSF listed, clean-in-place certified or disassemble for cleaning

NEW Thick Pump (TP) models reduce dispensing force needed when working with especially thick or thicker products

Server's Slim Fountain Jars

High-impact polypropylene fountain jars feature molded-in feet to prevent tipping during filling. Tabs and side slots allow lids to fit securely; front notch allows lid to close over ladle or spoon handle. Fountain jars can be dropped into a countertop cutout, or placed into a topping station or fountainette. Cutout dimensions are 2 13/16" x 7" (7.1 x 17.8 cm) for both shallow and deep jars. For more information on fountain jars, see sheet 02158.

COLORED KNOBS

Interchangeable engraved and colored knobs help staff and patrons identify contents, coordinate with store themes or promote branded products. Specify color and text at time of order – exact shade may vary from picture.

INTEGRATE YOUR SLIM PUMPS INTO A STATION

Need to add a few extra pumpable flavors, but can't eliminate any from your station? Add more options with slim jars and pumps! Three slim fountain jars fit in the space of two standard fountain jars, so you can keep your chocolate sauce and have strawberry syrup, too!
