

Since 1947

Princess

The Princess is our classic style fountain made from highly durable highly polished stainless steel. The silver trim and floral top cup set make it a wise choice for any occasion. This fountain can create a unique self-serving beverage station - which can alleviate the pressure on bar staff or create a station specifically

for a signature drink at cocktail hour, happy hour, location for a transitioning space, or a place created just for the kids. All of our fountains serve alcoholic and non-alcoholic beverages: punch, champagne, sweet tea, lemonade and cocktails. In fact, if you can mix it behind the bar, you can pour it into a fountain!

Product Specs:

- Model #: 4004-SS
- Name: *Princess*
- Collection: *The Princess Collection*
- Capacity: 7 Gallons
- Height: 23"
- Diameter: 22"
- Product Weight: 26lbs
- Shipping Dimensions: 22 x 22 x 22 Inches
- Shipping Weight: 30lbs
