

Since 1947

## Empress

The Empress is one of our signature handcrafted heaviest-gage stainless steel fountains. They are designed to encompass superior craftsmanship and timeless appeal. This fountain can create a unique self-serving beverage station - which can alleviate the pressure on bar staff or create a station

specifically for a signature drink at cocktail hour, happy hour, location for a transitioning space, or a place created just for the kids. All of our fountains serve alcoholic and non-alcoholic beverages: punch, champagne, sweet tea, lemonade and cocktails. In fact, if you can mix it behind the bar, you can pour it into a fountain!

### Product Specs:

- Model: 4045-SS
- Model: Empress
- Collection: The Noble Collection
- Capacity: 5 Gallons
- Height: 29"
- Diameter: 22"
- Product Weight: 26lbs
- Shipping Dimensions: 22 x 22 x 22 Inches
- Shipping Weight: 30lbs
